

## 2017-18 Cherokee Christian Middle and High School Summer Reading

Please peruse the list below to find your child's grade level for the coming school year. Prior to the start of school, the following books **must be completed** by every student entering Cherokee Christian Schools. Not only is summer reading an excellent way to continue to hone comprehension over the vacation, it also gives teachers a starting point for analysis during the school year. Students will be required to bring their books to class, so plan accordingly with purchases or library checkouts.
